WAR CLOUD LIFTING.

The Great Railroad Strike Approaching an End.

STRIKERS RETURNING TO WORK

No Serious Conflict Has Occurred in Chicago, but the Armed Forces Are Still on Duty—Trains Moving Under Military Protection—A General Strike Ordered but It May Not Take Place.

CHICAGO, July 10.—The war cloud which has overhung this city and this land for the past 10 days shows distinct signs of lifting. Instead of stories of additional railroad tie-ups at various points throughout the country, the latest dispatches, almost without exception, bring advice of strikers returning to work and an increased presumption of traffic, amounting in some places to a return to normal conditions.

The day in Chicago has passed without a serious conflict between the rioters and the armed forces now on duty here. The feature of the day has been the action early in the morning, after an all-night session of the federated trades unions of Chicago, in deciding to call out all classes of labor on Tuesday afternoon at 4 o'clock unless George M. Pullman should have agreed to settle the differences between his company and his striking employees by arbitration or otherwise.

For reasons not known to the public, Grand Master Workman Sovereign of the Knights of Labor and his advisers subsequently decided to postpone the general walkout and paralytic strike which they proposed to inflict upon the business of Chicago until 7 o'clock, Wednesday morning.

Late in the afternoon, however, the announcement was made that President Samuel Gompers of the American Federation of Labor had called a meeting of the executive committee of that organization to be held in that city on Thursday and that he would leave New York for Chicago at once. In view of this it is not believed that the federated trades of Chicago will take precipitate action before consultation with him. As President Gompers can not reach Chicago before Wednesday night, it will be impossible to decide on a line of action to be pursued before Thursday; and probably if it should finally be resolved to declare a general strike of all these combined forces, it could not be put into effect before Friday morning.

In this connection the interesting question arises whether or no, if President Gompers allow himself to be hauled from New York to Chicago by nonunion engineers and firemen, his visit will be of any particular profit. One labor leader in Chicago said that if he did so he might as well stay in New York.

Another feature to be noted in connection with the meeting of Chicago's federated labor is the fact which was developed that there was in the meeting a large and influential conservative element whose action had partially blocked the plans of the more hot-headed leaders until the latter in the excitement consequent upon the reading of President Cleveland's proclamation were enabled to stampede them and carry the strike resolution. Therefore, there is reason to believe them even if the order for a general strike finally goes forth, many of those to whom it is directed will decline to obey it. So that, with the men already made idle by the effect of the tie-up the walkout will not be so nearly important as anticipated by the leaders.

What effect, if any, the action of Vice President Wickes of the Pullman company in refusing in the most positive manner to even meet a committee to consider the question of arbitration will have upon the final decision of the labor leaders and their followers remains to be seen. At 2 o'clock yesterday afternoon a joint committee of the council and federated trades unions called on Mr. Wickes and asked him to consent to the appointment of a committee of five citizens, whose functions should be not those of arbitrators, but to determine whether or not the Pullman company has anything to arbitrate.

The committee as proposed was to consist of two citizens chosen by the Pullman company, two by the circuit court judges and one by these four. Mr. Wickes stated at the outset that arbitration was impossible, but listened while Alderman McGillen, chairman of the committee, talked of the gravity of the situation and urged that the company take steps looking to an amicable settlement of the strike. At the close of the interview, Mr. Wickes retired with his attorney and returning, after a brief consultation, declared that the company could not receive the proposed committee.

Alderman McGillen again urged that the company receive the committee, and intimated that a corporation which derived such benefit from the government as the Pullman company should be willing to make some concessions for the welfare of the city and state.

"We have nothing to arbitrate," Mr. Wickes replied. "We can not receive such a committee."

Last night's action of the city council, in respect to President Cleveland's order bringing federal troops to Chicago, was forestalled by a large number of endorsements of his action sent him by prominent business men of the city. The list of signatures included those of almost every conspicuous merchant, manufacturer and banker of Chicago.

Tonching the situation in general, it may be said that in Chicago the roads were all doing better than on any previous day since the strike began. Passenger trains were moving with more or less regularity, and some freight traffic has been cared for. A large number of

striking freight handlers or the Illinois Central returned to work and other roads noted accessions to their operative forces.

At St. Louis, Kansas City and Denver, it was reported that railroad business had about returned to normal conditions. Nashville also reported an improvement. About the only points at which the strike managers showed any gain were in the partial walkout of firemen at Fort Scott, Kan., the freight men on the Kanawha and Michigan at Charleston, W. Va., and the strike of the American Railway union men on the Big Four at Mattoon. It will thus be seen that at the leading railroad centers, the strikers have made perceptible losses, while their gains are at comparatively unimportant points.

Regulations which prevailed in the government building yesterday were a near approach to martial law. Deputy marshals were stationed on every floor and everybody was challenged who could not show that he had business in the building.

This morning's sunrise seen in this city 1,000 more federal troops than there were yesterday morning. These, with the forces already in the field, it is believed, will be able to make a further betterment in the conditions in this city, and the mobilization of troops and marines at San Francisco, and of regulars at other points on the Pacific coast, will suffice, in all probability, to start traffic on the transcontinental lines.

The sun shines and the clouds seem to be scattering.

A GENERAL STRIKE.

The Allied Trades Unions Will All Probably Quit Work.

CHICAGO, July 10.—Hinged upon the remote contingency that George M. Pullman will agree to arbitration or otherwise settle the differences existing between the Pullman company and its ex-employees, is the question whether or not the next 24 hours will witness a cessation of all labor on the part of the allied trades, not alone in Chicago, but throughout the country.

Probably never before in the history of this country was a meeting of organized labor called together that was fraught with more importance than that which met at Ullich's hall.

That all was not harmonious, notwithstanding fiery speeches by Messrs. Sovereign of the Knights of Labor, Debs of the American Railway union and other labor leaders is evidenced by the fact that it was 4 o'clock in the morning when the convention finished balloting on the proposition. The question was decided in the affirmative by an overwhelming vote, however, and the ultimatum propounded that if Pullman does not reach a definite understanding with his late employees before noon Tuesday the Allied Trades union of Chicago will open the ball at 4 p. m., by walking out in a body.

LABOR MEETINGS PROHIBITED.

Halls Closed Until the Present Excitement Dies Out.

CHICAGO, July 10.—Intense excitement was caused in the stockyards district by the mayor's announcement that no labor meetings would be permitted until matters have quieted down. An immense meeting had been arranged for last night at Columbia hall, Forty-eighth and Paulina streets, and at 8 p. m. a crowd had assembled. A notice from Mayor Hopkins had been posted on the door, however, stating that in the present state of public excitement it was not deemed advisable to allow such meetings to be held. An officer was stationed in front of the hall, who warned the crowd away.

Similar notices have been posted on all other halls in the district, and notwithstanding there was considerable loud-mouthed defiance, no attempt was made to hold a meeting. After loitering about for an hour the crowd finally dispersed and comparative quiet prevailed.

The only overt act thus far reported was the setting of a small fire which destroyed a couple of boxcars at Forty-seventh and Loomis streets. The loss was inconsequential.

STRIKE REACHES LOUISVILLE.

Firemen and Switchmen Strike on the Louisville and Nashville Road.

LOUISVILLE, July 10.—The strike has at last reached this city. The members of the American Railway union on the Louisville and Nashville railway, composed of firemen and switchmen, struck at a late hour yesterday afternoon. Some delay was experienced by southbound passenger trains, but they got away all right and the New Orleans express had three Pullmans attached to it. There was no attempt to interfere with the departure of trains, the delay being caused in securing firemen for them.

The company seems to have prepared for the trouble, and as yet have not experienced any trouble in manning trains deserted by the strikers.

The American Railway union men on the Louisville and Nashville at Bowling Green, numbering 100, composed of firemen, brakemen and machinists, struck yesterday afternoon. Resolutions were adopted declaring in favor of peace and opposing any resort to violence. None of the American Railway union men on the other roads here have quit work as yet. All passenger trains are moving about on time, but freights are delayed.

IMPROVED AT BIRMINGHAM.

No Disturbance Has Occurred, but Military Law Prevails.

BIRMINGHAM, July 10.—The situation here is more reassuring. Freight trains on two roads heretofore embargoed are running. Fifteen militia companies and two batteries are on duty, with Major General Whiting of Mobile in command, who has issued a public order

that he will carry out to the letter the instructions given by Governor Jones in his proclamation. All saloons and gunshops in the county are closed by order of the governor. Two companies of militia and two pieces of artillery were sent to Blocton yesterday afternoon to prevent interference with trainmen.

Yesterday evening a crowd of strikers had to be forced away from the general offices of the Queen and Crescent road in this city. Governor Jones summoned Wilson, president of the local railway union, and informed him he would be held responsible for all troubles, and Wilson issued a card stating he would furnish union men to protect property. General Whiting, in a speech to the soldiers, told them he intended ordering them to fire without much parleying in case of a hostile demonstration.

STOPPED A PASSENGER TRAIN.

The Mailcar Hitched to an Engine and It Was Taken Through.

NEW ALBANY, Ind., July 10.—The great strike has seriously affected business and manufacturing interests here, causing most of the factories, which were still at work, to close down during the past week either on account of not having coal or because they had no way to ship their goods.

The Louisville, Evansville and St. Louis railroad (air line) passenger train bound for St. Louis was attacked by the strikers at Hoffman's Switch, about one mile on side of the city. The Pullman cars were unhitched, and after hitching the mailcar to the engine the train was ordered to proceed, leaving the Pullman cars behind, which was done. The passengers returned to the depot on a car and demanded their money, which was refunded.

IMPROVED AT FORT WAYNE.

Engineers Decide to Take No Part in the Boycott.

FORT WAYNE, July 10.—The Brotherhood of Locomotive Engineers, after a prolonged and heated discussion, lasting until midnight, finally decided not to go into the boycott.

The Nickel Plate got their eastbound mail train through yesterday morning all right, but the westbound train that arrived at 2 p. m. is still here, because the company has not succeeded in getting an engineer to take it on.

The Pennsylvania railroad is running all its passenger trains through the city without interruption and also succeeded in sending out a heavy train yesterday afternoon. This is the first freight it has moved since the commencement of the strike.

At a mass meeting yesterday afternoon, the Vabash engineers, firemen and brakemen all went out, and the locomotives are being manned by new engineers brought here from the Lehigh Valley road, who were discharged from that line during the last big strike in the east.

Deputy Marshal E. S. Ryan claims that the mob robbed him of a diamond ring when they had him down Saturday afternoon.

The Pennsylvania yards are still being patrolled by deputy marshals.

FIREMEN MUST NOT STRIKE.

Chief Sargent Very Emphatic in His Orders to His Men.

TERRE HAUTE, Ind., July 10.—The Big Four road is tied up again by the strike at Mattoon, added to the strike here, and nothing passed through here yesterday but mail matter. The Eastern Illinois started out a freight train for the north, the first in about 10 days. The Big Four strikers here say that the company can not get men to take their places.

Chief Sargent is in receipt of many telegrams from firemen, asking him to order a sympathetic strike, but he answers to all that the rules of the order do not allow it.

There were 177 new members admitted to the local American Railway union last night.

No Freight Moving.

LITTLE ROCK, July 10.—The strike situation at this point remains practically unchanged. Passenger trains are running about on time under military protection, but not a car of freight has been moved. Engineers and firemen on the Central division have refused to handle passenger trains hauling Pullman sleepers and trains on that division are being manned with main line men. Nineteen engineers are out. Superintendent Rose stated that 40 engineers and firemen, who had been laid off at Sedalia, had been ordered here and when they arrive, an attempt will be made to move freight trains.

No Disturbance in New Mexico.

SANTA FE, July 10.—Robert Bland and 12 others arrested for interfering with Santa Fe trains at Raton and brought here last Friday were arraigned on charges of contempt and obstructing mails. Judge Reeder held them in \$1,000 bail each on each charge. Trials will not come off for several days on account of lack of witnesses. Passenger and freight trains are moving both east and west in New Mexico. All is quiet and the situation improved. Troops are still at Raton and Las Vegas, and detachments are guarding trains going through the territory.

Seven Hundred Arrests to Be Made.

ST. LOUIS, July 10.—Advices have been received here from Fort Smith, Ark., to the effect that on informations filed before United States Judge Parker at Fort Smith, by the St. Louis and Iron Mountain railway officials, warrants have been ordered issued for the arrest of 700 ex-employees of that road upon the charge of conspiracy to interrupt interstate commerce and the carrying of mails. The men, most of whom are at Little Rock and Argenta, will be arrested as soon as possible and taken to Fort Smith for examination.

Debs Still Confident.

CHICAGO, July 10.—"The action of the allied trades of this city will, I am confident, be followed in other cities," said President Debs. "This is now a battle for the preservation of union principles and labor will rise en masse to help itself. While it is true that the chiefs of the older brotherhoods of railway employees are opposed to this movement, nevertheless the individual members of the order throughout the west are in sympathy with it."

Improved in Memphis.

MEMPHIS, July 10.—The general strike situation in Memphis is decidedly improved. The tie-up on the Kansas City, Fort Scott & Memphis and the Kansas City, Memphis and Birmingham has been broken. Passenger trains with Pullmans attached left Memphis for Kansas City and Birmingham. The situation on all the other lines is unchanged.

Coal Miners Thrown Out of Employment.

MASSILLON, O., July 10.—A meeting of the local branch of the American Railway union was held, and, in harmony with orders issued by President Debs, a strike was ordered on the Wheeling and Lake Erie railway. Passenger trains are permitted to run. Incidentally several thousand coal miners are thrown out of employment.

Trains Protected by Deputy Sheriffs.

POMEROY, O., July 10.—The Columbus, Hocking Valley and Toledo Railway company began moving freight here yesterday afternoon with the assistance of deputy sheriffs. Strikers are congregated about the yards, but no violence is anticipated.

Killed by His Hired Hand.

SPRINGFIELD, O., July 10.—Dana A. Bowman, a well known drayman, was shot and instantly killed by his hired hand, Charles McKay, yesterday evening. Bowman threatened to kill McKay if he appeared against him for assaulting his wife.

Fatal Fall.

GREENVILLE, O., July 10.—At 11 o'clock last night Thomas Dwyer, restaurant proprietor, fell down stairs, dying at 3 o'clock from the injuries received.

DOINGS OF CONGRESS.

Several Bills Passed in the Senate and One in the House.

WASHINGTON, July 10.—After the transaction of some business of minor importance the senate took up the naval appropriation bill. An additional appropriation of \$22,025 was made on an amendment of the committee for a drydock at Algiers, La.

Mr. White (Dem., Cal.) called attention to the action of the committee in striking out the appropriation of \$50,000 for a steam tug at Mare Island navy-yard, and had read a letter from the secretary of the navy endorsing the necessity for the construction of a tug. The appropriation was allowed to stand.

Mr. Allen offered an amendment, which was agreed to, providing that all appointees as naval cadets shall have been actual residents of the district from which they are appointed for at least two years prior to their appointments. The bill as amended was passed. The senate passed a house bill to amend the law relative to mining claims. It provides for the temporary suspension of the requirement that a certain sum of money shall be expended each year on mining claims until a patent shall have been granted.

Mr. Blackburn announced the death of Representative Marcus C. Lisle of Kentucky last Saturday, and after the adoption of the customary resolutions, the senate adjourned at 4:25 o'clock.

In the House.

WASHINGTON, July 10.—Yesterday was District of Columbia day in the house, and a bill to provide an immediate revision and equalization of real estate values in the district was taken up for consideration. Most of the afternoon was spent on this bill, which was finally passed. The remainder of the day was devoted to a street railroad bill which was not disposed of when the house, at 4:55, adjourned.

Charleston in San Francisco.

SAN FRANCISCO, July 10.—The United States cruiser Charleston came into port yesterday from Rio Janeiro via Bluefields and Acapulco, being nine days from the latter point. The Charleston was hurriedly dispatched to Mare Island and it is believed her force of marines will be ordered to join the marines that have been ordered to Oakland. The Charleston's bottom is very foul after her long service in Brazilian waters.

Pastor Resigns.

ASHLAND, O., July 10.—Rev. J. W. Merrill's resignation as pastor of the Congregational church was read Sunday. This is the church formed by secessionists from the Presbyterian church at the time of the famous Mason murder trial.

Tramps Capture a Train.

TIFFIN, O., July 10.—Twenty tramps took possession of a Baltimore and Ohio freight train at Bascom. The police were notified and attempted to capture them as the train pulled through the city, but they all escaped.

Charlotte, complaining of boarding school, said: "The worst of all was nothing to eat between meals. Why, auntie, from breakfast to dinner you just had to starve!"

New Zealand has set apart two islands on which hunting and trapping are forbidden.

ANOTHER ONE ISSUED.

Proclamation by the President of the United States.

MARTIAL LAW IS DECLARED.

It Especially Refers to Troubles in North Dakota, Montana, Idaho, Washington, Wyoming, Colorado and California—It Goes Into Effect at Three O'Clock This Afternoon.

WASHINGTON, July 10.—The attorney general, Secretaries Lamont and Bissell and General Schofield were again in conference with the president early yesterday evening, and as a result the following was given out:

A proclamation by the president of the United States:

WHEREAS, By reason of unlawful obstructions, combinations and assemblages by persons, it has become impracticable in the judgment of the president to enforce by the ordinary course of judicial proceedings the laws of the United States at certain points and places within the state of North Dakota, Montana, Idaho, Washington, Wyoming, Colorado and California and the territories of Utah and New Mexico, and especially along the lines of such railways traversing said states and territories as are military roads and post routes and are engaged in interstate commerce and in carrying United States mail; and

WHEREAS, For the purpose of enforcing faithful execution of the laws of the United States, and protecting property belonging to the United States or under its protection, and of preventing obstructions of the United States mails, and of commerce between the states and territories, and of securing to the United States the right guaranteed by law to the use of such roads for postal, military, naval and other government service, the president has employed a part of the military forces of the United States;

Now, therefore, I, Grover Cleveland, president of the United States, do hereby command all persons engaged in, or in any way connected with such unlawful obstructions, combinations and assemblages, to disperse and retire peaceably to their respective abodes on or before 3 o'clock in the afternoon, on the 10th day of July instant.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be hereto affixed.

Done at the city of Washington, this ninth day of July, in the year of our Lord, one thousand eight hundred and ninety-four, and of the Independence of the United States the one hundred and nineteenth.

GROVER CLEVELAND.

By the President:

W. Q. GRESHAM, Secretary of state.

The proclamation is substantially like the one issued in relation to Chicago.

Early in the evening Senators Dubois and Shoup of Idaho again called on the president in relation to the trouble at Wallace. Several telegrams had been received by the senators from the United States judges and others emphasizing the seriousness of the situation and reiterating the request for troops. The governor also telegraphed to the president during the afternoon. As yet no action has been taken toward sending troops to Wallace, the fact that there has been no violation of United States law standing in the way of such action until the governor signifies that he is unable with the state forces at his command to control the disorder. This the governor has not done, although he has described the situation as extremely serious and has signified his desire for federal assistance.

BURIED ALIVE.

The Supposed Fate of a Resident of Riley, Ky.

LEBANON, Ky., July 10.—A rumor has reached here that great excitement prevails at Riley's, Ky., over the alleged burying of a man alive. The report is to the effect that H. T. Huddleston died there, or was supposed to have died, last Tuesday, and that soon after his demise those in attendance were astonished to see prepiration running from nearly every pore in his body.

They wiped it off, however, and thought that the supernatural flow would cease, but they were mistaken. The perspiring continued until the interment. After the burial the friends and relatives of the victim became uneasy about the circumstances attending Huddleston's death, and had the body exhumed. When the coffin was opened the man was found to be dead, but his features were terribly distorted, giving rise to the belief that he was buried alive. Huddleston's connections are terribly wrought up over the occurrence.

General McCauley Dead.

INDIANAPOLIS, July 10.—A special from Washington says that word has reached Washington of the death of General Daniel McCauley at Gnanqua, Nicaragua. General McCauley was agent of the canal company and died on Friday. President Zelaya has directed that he be buried with military honors. General McCauley was an Indiana man and was at one time mayor of Indianapolis.

Miners Demand Sixty.

YOUNGSTOWN, O., July 10.—At a miners' meeting Sunday it was decided to work Monday and Tuesday, giving the operators an opportunity to consider the demand for Hocking Valley prices, which is 60 cents per ton. If the operators do not concede their demand a general strike will follow Wednesday.

Piqua, O., July 10.—The Favorite Stove and Range company, employing 300 men, has shut down for an indefinite period, being unable to make shipments of their goods on account of the strike.

a tendency to restore prices.

GLEN SPRINGS.

A Successful Season Promised For This Popular Summer and Health Resort.

Glen Springs Hotel under the proprietorship
and management of Mr. I. N. Walker and Mr.
Charles G. Roth, of the popular St. Clair Hotel of
Cincinnati, is promised an unusually successful
season.

Already can be met in the spacious halls and
beautiful grounds many prominent Cincinnati-
ans, enjoying enthusiastically the picturesque
beauty of the spot and congratulating themselves
that so near their homes is a resort so perfect in
its appointments, to which they can turn their
steps and escape the heat and discomfort of the
city.

The hotel was thronged with guests on the
Fourth. A pleasant feature of the day was the
excellent successful ball and banquet in the
evening. The viands were appetizing, the flow-
ers profuse and beautiful, the tables arranged
and ornamented with exquisite taste, which to-
gether with the presence of many charming
women and appreciative escorts made the even-
ing so enjoyable as to linger long in the memory.

The discovery of valuable deposits of silver ore
near the hotel is attracting considerable atten-
tion in the neighborhood, and it certainly to a
novice promises well.

On motion it was ordered that candidates for the offices of Justice and Constable be nominated in each Magisterial district in this county on Saturday, September 1st, 1894.

On motion it is ordered that the place and manner of choosing the candidates for Constable and Justice be determined by the Chairmen of each precinct within each Magisterial district, and in the event of a failure upon their part to agree, the Chairman of County Committee to decide, and that the name of the Committeeman whose name first appears in each Magisterial district shall be the Chairman of said district.

On motion it was ordered that in the event of a contest in any of the districts, the Committeemen within said district in connection with the Chairman and Secretary of the County Committee shall hear and decide the same.

On motion committee adjourned.
J. N. Kehoe, Chairman.
J. C. Lovel, Secretary.

The following notice of Mr. Chas. Daly, of this city, is taken from the Richmond (Ky.) Register: "Mr. Chas. Daly, C. U., '95, has been here since commencement in the interest of the Atlantis. He will issue a splendid mid-summer number about July 12, which will be illustrated with numerous handsome engravings that will make the book a valuable souvenir of C. U.'s great career during the past year."

The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

Residence Burned.

Mr. James Knight's residence, near Flemingsburg, was burned last Friday night, together with all his household goods. A defective flue was the cause of the fire, according to the information at hand. Loss not learned.

THE REGULARS DEFEATED.

Maysville's Amateurs Knocked Out by Paris' Aggregation of Professionals.

The best of ball teams lose a game now and then.

The Regulars went down Monday afternoon before the aggregation of professionals who are putting up ball for Paris.

But no amateur team should feel disgraced by defeat from such a club as Paris now has.

It is the best team that has ever played in this city and the strongest the Regulars ever tackled. It is said they are all salaried men but one and that one is the only Paris boy in the club. They are all big, strong fellows and hard hitters. Fuller, Heidleman and Myer took care of their positions in magnificent style, and their playing has never been equalled in this city.

But notwithstanding all that has been said of the visitors, the result of Monday's game would have been far different had the Regular's prize pitcher been in good trim. It was an "off day" for Wadsworth. That strong little arm of his went back on him in the third inning, and he sent four men to bases on ball. This was enough to break up any pitcher, and at W.'s request Cox was put in the box and he was sent to third. At the bat Wadsworth was all right. He got in two nice two-baggers.

It seemed an "oil day" also for the Regulars all 'round, and, the first two innings excepted, they put up the worst game they have played this season—that too when they needed to do their best. Wells, in the center, was an exception, as he accepted every chance he had without an error. Hill as short stop did good work. Rogers and McDaniel led their side in the number of base hits. Hill, Davis and Holliday made the only double play of the game.

The first two innings were splendid ball. The crowd couldn't have asked for better playing. Following is the score:

THE TEAMS WILL TRY IT AGAIN THIS AFTERNOON. The Regulars will have in some of their reserves, and if Wadsworth is in good trim there will be a hot game. Coko will play first base, Frank Purnell second, Captain Davis third, Rogers right, Wilson center and Wells left, with Cox behind the plate. Game called at 2:30.

MINERS ARE RIOTING.

Serious Trouble Existing at Several Places in Illinois.

TWO MORE STORES LOOTED.

Two Military Companies and Over a Hundred Deputy Marshals on Duty Guarding Property—Two Persons Killed and Another Mortally Wounded by the Militia—Trouble in Pennsylvania.

LADD, Ill., July 10.—Two stores were looted at this place yesterday afternoon by 400 foreign miners. The city is now being guarded by 50 deputy sheriffs, farmers and miners. The national banks have removed their valuables from the city and many of the business houses have closed temporarily. Reports from the surrounding districts are to the effect that the anarchists of Peru, La Salle and other towns are moving toward Spring Valley for an attack on the place. The town is now guarded by two militia companies and 125 deputies. One hundred extra deputies from Princeton have been ordered to Spring Valley.

The greatest anxiety is felt for the safety of the men who have gone forward. Ninety deputies are on guard at Seatonsville. Everything is quiet at that point as it is thought a large part of the men have left the place for Spring Valley.

Home guards are being organized in a dozen different points in this vicinity. At Wyandot a guard of 80 men is at the city hall. The citizens are in a high state of excitement. At Tiskitwa, six miles south of here, a similar state of affairs exists, and two companies of 90 men each have been organized. Other towns having an organized force and ready to move at once are Malden, Arlington, Lamelle, Walnut, Buda, Neponset, Depue, Bureau and Loceyville.

For the past 24 hours scouts on horseback have been out from each town on the public highways watching all means of approach to the various towns. The rioters have cut the telephone and telegraph lines to such an extent that it is difficult to get news throughout the country from the mining towns. Between Spring Valley and Ladd and Loceyville, not only the wires have been cut but the poles, as well, either pulled out or cut down.

RIOTING AT WESTVILLE.

Two Women Killed and a Man Mortally Wounded.

DANVILLE, Ill., July 10.—Mrs. Michael Gleman and Miss Clara Jans were killed, and an unknown man mortally wounded at Westville yesterday afternoon by a volley fired over the heads of a crowd of rioting miners by a company of militia. The miners had been rioting in this vicinity since Sunday afternoon. During Sunday night a number of freight cars were destroyed in the Eastern Illinois yards by incendiary fires. Yesterday forenoon a number of cars were derailed at Grape creek on the Shelbyville branch. When the wreckage had been cleared the inbound passenger train proceeded without molestation until Westville was reached. When it stopped there it was surrounded by a lot of miners and held. Word was telegraphed to Danville and a special train with a company of the state troops started at once for the scene.

About one mile from Westville a large crowd of miners had collected, and upon the approach of the train bearing the militia began warlike demonstrations. Several pistol shots were fired at the soldiers, who returned the firing, shooting over the heads of the mob from the train intending to scare them. Miss Clara James, the 17-year-old daughter of Jonas James, was standing in the doorway of her home. A bullet struck her just below her right breast and she died almost instantly.

Mrs. Michael Gleman, a widow, standing in her own yard, was also struck and died in five minutes. An unknown man received a mortal wound and will die. The militia then left the train and charged the crowd, securing three prisoners. After this the crowd dispersed, and no further resistance being offered the troops returned to their train, which had been coupled in front of the passenger, and the train then continued without further delay.

EXCITEMENT IN PENNSYLVANIA.

A Fetched Battle Between Negro Coke Workers and the Authorities.

SCOTTDALE, Pa., July 10.—Scottdale is the scene of the wildest excitement. A regular pitched battle was fought between the negro coke workers and the town authorities and one negro is fatally shot and will die.

Yesterday afternoon three negroes came into town from the Painter coke plant. The strikers, on getting sight of them, set up a howl and ran the men almost to their homes, throwing stones and making every kind of threats. When the negroes reached home, they raised an excitement among the neighbors at the plant, and 40 of them started for the strikers.

Six Hungarians were found near the plant and badly beaten, and a rush was then made for Scottdale, the maddened negroes entering town, each armed with clubs and revolvers. A fight was soon raised between the negroes and the police authorities. The colored men became frantic and in a few seconds formed themselves into a mob and commenced shooting. The officers called upon the citizens for help, and a rush was made for them, when they all took to their heels and ran out of town.

They were followed by 300 or 400 citizens, who gave them close pursuit in the face of volley after volley of shot from revolvers in the hands of the negroes. When 200 yards out of town one negro fell, shot in the head, while the others made their escape.

Word has been received from the plant that the negroes are arming themselves with Winchester rifles and will return to town to rescue their comrade taken in charge of by the police. The citizens are in a fever of excitement. The Sons

of Veterans' headquarters have been looted of its guns and every firearm to be found has been brought into requisition.

The iron workers in the mills are in sympathy with the strikers and are in a high rage and swear vengeance against the negroes if they return. The streets are now filled with a howling and angry crowd, and the peace of the town is greatly threatened.

FOR BOATING AND THE COUNTRY.

Summer Outing Costumes This Year Are of Many Hued Stripes.

Outing flannels are shown having a colored stripe on a white ground, and as they wash well and easily they are useful for making up into blouse waists for boating and country wear, besides being appropriate for children's outing frocks where coolness and frequent changes are the chief considerations. White cotton duck is also seen having broad blue, pink, brown or black stripes, besides more delicately colored styles, and a new variety of blue denim has been brought out, thin and fine, but very firm, which is intended to be used as dress material. Brown and navy blue serges of good width and quality are sold at a low price now and may be made into attractive outing suits, having an Eton jacket or a blazer with a wide collar, and worn with a blouse of wash silk in harmonizing tints. These wash silks are prettier this season than they ever were before. They are usually striped and are shown in all shades of rose, green, yellow, blue and violet, combined with white or with each other. Plain white linen is also a good material for blouses to be worn under a jacket, as it is extremely cool and launders beautifully, but linen bodices cannot be obtained ready made.

OUTING COSTUME.

The skirts of outing costumes are most often made without a lining to insure lightness, and the edges of the seams inside are neatly bound with bias strips of silk or cambric. These unlined skirts must be worn over a stiff petticoat in order to make them hang well. Laced outing shoes for women are made of tan calf and are cut like a man's in every respect. They have a low heel, but a very pointed toe, and are devoid of all ornamentation.

An illustration is given of an outing costume of cheviot and silk. The skirt is laid in wide box plaits and has several rows of stitching near the bottom. With it is worn a silk blouse with gigot sleeves. A novel triple cape forms a part of the costume. It is of cheviot, like the skirt, and is cut in a sort of yoke shape, the edges being finished with rows of stitching.

JUDIC CHOLLET.

Europe Trembles.

Europe is a-tremble. The nations hold their breath. Wars of succession and the more recent interchange of dynamite amenities are all forgotten before the common overwhelming danger, for the dread republic of Andorra, which lies upon the border of the two great neighboring nations of Spain and France, has bought a gun, and the first time that gun is fired one of the two great neighboring nations will be hit. It is a Krupp gun, carrying 20 miles, and the territory of Andorra is but seven miles in extent. Hence the watchful eye of diplomacy closes not in sleep, and ceaseless prayers go up that the charge may be a blank one or that some intervening Pyrene may step the shot and so avert an international disaster.—Pall Mall Gazette.

Shingle Money in the Corner State.

Shingle certificates operate as a circulating medium in Blaine, Wash. A certificate for \$16 recently circulated until it had paid nearly \$300 in local debts before finally reaching the place whence it started. The basis of the certificate was shingles, and it would purchase flour, meat, coffee, blankets, fuel, clothing for the wife and babies, and perform all the functions of a gold basis certificate.—Portland Oregonian.

Died of Blood Poisoning.

MINERVA, O., July 10.—John Morehead, aged 30, a butcher, died of blood poisoning, caused by a small scratch on his finger, coming in contact with a putrid tallow, while cleaning out a barrel.

Coal Crusher Burned.

CHARLESTON, W. Va., July 10.—The coal crusher at Powellton mines, 30 miles above here, were burned yesterday morning, supposed by incendiaries. The loss to the company will be about \$8,000.

Think They Will Win.

LOGAN, O., July 10.—The first train since the strike commenced left over the river division of the Columbus, Hooking Valley and Toledo railroad yesterday. The men still think they will win.

Two Arms Involved.

ST. CLAIRVILLE, O., July 10.—A telephone man, wishing to remove an arm from a pole, deliberately sat on the arm, took out the bolt and fell with it to the ground, breaking his arm.

The latest society fad consists in "chaffing dish" parties, at which Welsh rabbits are cooked by amateurs. Next in order will be pepsin soirees.—Chicago.

Ghost in a Dress Coat.

Another ghost has been added to the spirits which make the ghostly population of this city. Last year we published a careful census of the Alexandria ghosts then ascertained to be out nights. The tenth ghost appears to policemen in the Presbyterian graveyard on Fairfax street, and it is reported that he has brought new fashions from the world of spirits, as he wears a white swallowtail coat, with large pockets.—Alexandria (Va.) Dispatch.

In the heart of London is a public newsroom without a librarian or any one to look after the papers. They are chained and padlocked so they cannot be carried off. Little damage is done, and the room is usually quiet and orderly.

Miss Mary McGreevy of Indianapolis does not seem to share the supposed feminine desire for an elaborate wedding. She was married the other day to John Perry, and the ceremony occupied exactly 2½ seconds by the watch.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
